

THE HORRORS OF WHISKEY.

The Liquor Habit a Disease—Readily Curable by Orrine, an Infalible Specific.

It is now universally conceded that drunkenness is a disease, and the drunkard should be treated for this disease with the one specific for its cure, Orrine. This remarkable remedy removes the craving for liquor, restores the stomach to a normal condition, creates a natural appetite, and makes the user a man again, free from all desire for strong drink.

Orrine is in two forms—No. 1, to be given without the patient's knowledge; No. 2, for those who wish to be cured. The medical profession indorses Orrine. It can be used at home and cures the terrible habit without publicity or detention from business. Price is only \$1 a box.

We recommend and guarantee Orrine, Red Cross Pharmacy, Rickert & Wells, Proprietors, Barre, Vt.

FRICK PROBES SPLIT.

Equitable Committee at Odds Over Possible Action.

New York, May 6.—Henry C. Frick, when asked about the work of the investigating committee of the Equitable Life Assurance Society yesterday, said gravely:

"The investigating committee is doing its work as rapidly as possible and thoroughly. My letter to Mr. Alexander on April 8, which was made public, fixed the scope and character of the investigation, from which there has been and will be no deviation."

The latest reports from the Frick committee indicate that it is now divided in this way: Mr. Frick and Mr. Harriman, working together for one end, Mr. Bliss and Mr. Ives against them; Mr. Ingalls, the remaining member of the committee "up in the air" and "on the fence." The other member of the committee don't know exactly what his leanings are as between Hyde and Alexander.

Frank H. Platt, counsel to the so-called policy holders' committee, this afternoon, in regard to the letter of James H. Hyde to President Alexander of the Equitable declining to accept the latter's resignation as a trustee of the Hyde stock, said "Mr. Hyde's letter is a complete revelation of the standpoint from which he regards the administration of the Equitable. It has been charged that he regards this administration, not as the management of a sacred trust for the holders of policies but as a mere perquisite of the holder of the stock. His letter is a complete confession that this charge is true—and is all the more forcible because it is unconscious."

ALCOHOL IS A POISON.

Sir Frederick Treves Asserts It Has No Food Value.

New York, May 6.—A London cable to the Sun says Sir Frederick Treves, surgeon to the king, addressing a temperance meeting, declared that alcohol is distinctly a poison, and that its use ought to be limited as strictly as any other poison.

He added that it is not an appetizer, and that even a small quantity hinders digestion. Its stimulating effect only endures for a moment, and when this is passed the capacity for work falls enormously.

Its use is inconsistent with any work requiring quick, alert and keen judgment. Reviewing medical practice for a quarter of a century, Sir Frederick declared that he could say that the use of alcohol in hospitals and by physicians generally had emphatically diminished and is diminishing.

BALFOUR IN DEFENCE.

Praises Unionism to 10,000 of Primrose League Yesterday.

London, May 6.—Premier Balfour, speaking before 10,000 persons at Albert hall yesterday afternoon, at the annual meeting of the Primrose League, defended all the acts of the Unionist party, said that the sole weapon of the opposition consisted in motions for censure of the government on questions which would come before another Parliament and predicted that the country would never return the Liberals to power while the latter upheld the disestablishment of the church and home rule, or made any attack on the union of England and Ireland.

Prominent Burlington Man.

Loomis J. Smith, for a long time one of the best known men in Burlington, died suddenly at his home Thursday evening. For four months Mr. Smith has suffered from heart trouble, with a tendency to dropsy, but has been at his place of business a good portion of the time, although suffering much pain. He partook of the evening meal with his family that evening, leaving the table about 6.30 o'clock and going to the second floor of his house. Half an hour later he was found unconscious and expired in a few minutes.

He was always active in political affairs. For ten years, from 1876 to 1886, he served as city constable, represented the fifth ward in the board of aldermen from 1887 to 1889, was chief of police in 1890, and a member of the republican city committee last year.

"A babe in the house is a well-spring of pleasure" if he is properly fed and well nourished, then he is happy and "everybody is happy."

Your baby will be healthy and happy and a well-spring of pleasure, if you will give him Mellin's Food.

Sample bottle sent free of charge.

Mellin's Food is the ONLY Infants' Food, which received the Grand Prize at the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a gold medal.

WINTER WAS A COOL ONE

Kept the Heavy Hitting New Yorks Guessing.

CHAMPIONS WON 4 TO 2

Ferris Was the Hero of the Day by Rapping Out a Home Run With Two on Bases in the Seventh—Boston Nationals Lose.

The Champions saved their scoring until the last part of yesterday's game and won from the New Yorks by the score of 4 to 2, while a crowd of about 12,000 people cheered. It was "Ladies Day" at the Huntington Avenue. Ferris' home run off Powell did the business in the seventh inning. After Collins had singled and had been sacrificed along by Freeman, Grimeshaw got his base on an error. Then Ferris slammed the ball for four bases, making enough scores to win the game. To make things sure they made one more in the eighth. Burckett beat out a throw to first. Parent got his. Stahl singled, filling the bases. Collins wasn't equal to the job and popped. Freeman flied out and Burckett crossed the plate.

New York scored in the fourth when Dougherty rapped a terrific one and got around to third. He was brought in by a single by Fultz. There was no more scoring for the visitors until Keeler whacked out a home run in the ninth inning.

RAGGED FIELD WORK AND POOR HITTING

Combination That Proved Disastrous to Spaulding in Game With Randolph

High Yesterday—Score of 6 to 3.

Ragged field work and weak batting lost another game for the Spaulding high school ball team yesterday afternoon.

The victorious team was the Randolph high school which team won the game easily by a score of 6 to 3.

Up to the sixth inning the game was close and quite interesting, the score standing two to two. But in the sixth the visitors, aided by several hits and errors, ran in two scores and two more in the eighth. One of the last scores was made by Randolph on a steal from third base on the throw back to the pitcher. Fisher was in the box for the home team and pitched his best game of the season.

Spaulding scored once in the first, third and eighth innings. Several times Spaulding had men on the bases but was sorely handicapped in scoring them by his inability to connect with the ball. Mackay in right field made a sensational left handed catch and Noel in center field made a good running catch of a fly close to the ground.

The line-up:

Franklin County Ball League.

For the first time in the local history of base ball a Franklin county base ball league was effected here Thursday, which includes Swanton, St. Albans, Enosburg Falls and Richford.

Swanton took the initiative about two weeks ago by appointing a committee and sending out invitations to get together and talk the scheme over. The suggestion met with ready favor and the following regularly chosen delegates were present this afternoon, meeting the local committee, J. A. Mannix, B. F. Naramore, C. C. Fletcher and H. W. Smith at the rooms of the Tauganahunga club; Richford, Carroll Mitchell; Enos-

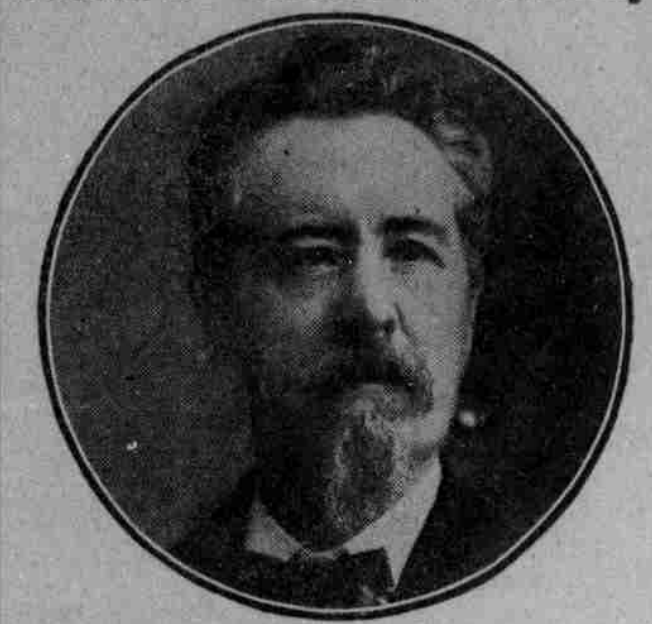

Take Hood's for Blood and Nerves

There is no other remedy in the world that will make the sick well, that will make the weak strong, that will purify and revitalize the blood, that will restore the nerves to their normal function, so surely as Hood's Sarsaparilla.

Hood's Sarsaparilla Will Make You Well

It is not what we say but what it does, that tells the story of the most wonderful of all successes in medicine. Its marvelous curative power is recognized and endorsed by the most eminent practitioners of every school throughout the civilized world. At this season of the year when the blood and nerves need new life there is no remedy that will so speedily bring back the buoyancy of health as this the

World's Greatest Remedy

The following letter from J. W. Briggs, M. D., a leading physician of Detroit, Mich., is self-explanatory: "I have advocated Hood's Sarsaparilla in hundreds of cases in my practice, as I have found that it is a diuretic and stomach tonic of unequalled merit.

"Given in cases of convalescence, it acts as a gentle tonic, in no wise interfering with the functions of nature, but rather aiding her activities. It is far superior to any other blood and nerve remedy, driving the poison out of the system, and restoring the patient to perfect health. I have always been pleased with the results where used."

Take HOOD'S and Only Hood's

burg Falls, W. J. M. Beattie, Seth Towle; St. Albans, A. W. Coote; Rouses Point, Fred G. Hoag.

J. A. Mannix presided at the meeting and W. J. M. Beattie acted as secretary. The league scheme was generally discussed and much interest and enthusiasm manifested by all the delegates. While Rouses Point, always a notably warm base ball town, was glad to encourage the sport, Mr. Hoag stated they could not join a four team league as that meant more games than their local players, engaged in various occupations, could afford to take in.

The Franklin county four team league was then agreed upon and the following officers chosen: President, J. A. Mannix; secretary and treasurer, W. J. M. Beattie; vice presidents, A. W. Coote and Carroll Mitchell. The officers were constituted a permanent board of directors and instructed to draw up by-laws to govern the league. The question of percentage, balls, length and dates of league games and other matters will be worked out by the board and reported as soon as possible.

It has been expensively demonstrated that Franklin county cannot stand the

fast pace that professional ball calls for, but it is believed Swanton, St. Albans, Enosburg Falls and Richford with teams composed of local players have made a move in the right direction, that there will be plenty of good sport and when the last man is out at the end of the season it will not require the surplus of a savings bank with which to foot unpaid bills.

TRAVIS WON MATCH.

Easily Defeated Jennings in President's Cup Contest.

Garden City, N. Y., May 6.—Walter J. Travis easily won his match in the contest for the president's cup in the open tournament of the Garden City Golf Club, which was continued yesterday. His opponent was Philander R. Jennings. Travis made the round in 81.

One of the most interesting matches of the day in the cup contest was that between J. D. Travers, the New York intercollegiate champion, and W. C. Chick of Harvard, who beat Travis at Lakewood last week. Chick was one up at the turn, and won handily. The scores by strokes were not very low, averaging between 85 and 87.

Read this Guarantee.

We want you to know that Cal-cura Solvent, Dr. Kennedy's latest medicine, is no ordinary remedy. It is based upon a new principle of the cause and cure of kidney and bladder troubles. Cal-cura Solvent's wonderful power to cure diseases of the kidneys and bladder is the happy result of the efforts of that skilled physician and surgeon, Dr. David Kennedy, to make a medicine that would dissolve and expel from the system stones, gravel and uric acid. In this way, Cal-cura Solvent not only cures the disease but also removes the irritating cause. It is not a patent medicine, but a prescription used by Dr. Kennedy in his large private practice with uniform success. We guarantee to return your money if Cal-cura Solvent fails to cure you. You cannot afford to put off its use on this guarantee.

SPECIAL—All children under twelve, accompanied by the holder of a reserved seat ticket, will be admitted free. All other children admitted for 15c. Any ticket holder dissatisfied at the close of the second act may have money refunded at the box office.

GAME FIGHT, BRITT WON

Brittle Between Light Weights at San Francisco.

BRITISHER FOUGHT WELL.

White Scored First Knockdown, but Decision Against Him Was Given in Twentieth Round—Contest Was Close Throughout.

Ward's Pavilion, San Francisco, May 6.—In a fiercely waged battle between Jabez White, lightweight champion of England, and Jimmy Britt of this city, lightweight champion of the world, the latter won in the 20th round of a 20-round bout last night.

Both men sparred and then Britt opened hostilities at the start by leading with left three times for the body, all of which were cleverly blocked. Britt swung left and right for the body but blows failed to land. As they got to the center of the ring White whipped his left to the head and followed it with right swing to same place. A clinch followed. Britt lightly jabbed White with left on face as the bell clanged. White's cleverness elicited much cheering from the crowd. No damage was done in this round and there was little to choose between them.

White smiled as he came up in the second and immediately blocked Britt's left lead. Britt lunged his left out, but White countered with a straight right to face. Britt then mixed it, getting two rights to body and a vicious swing to face. He then shot his right hand to White's stomach and as White came in shot his left straight to face. White missed left and right for head. Britt hooked left hand to White's face. Britt upper cut with left to jaw and drove in a hard left straight to body. Britt set a warm pace.

Britt rushed in with left for the stomach, but was blocked. White's attempt at countering in the third set to were easily disposed of. Britt hooked his left for stomach, but White again block it. They worked to the middle of the ring, and in a mix-up White whipped right to head and then hooked left to the body. White jabbed Britt twice with left to face, and Britt fought back wildly. White then drove a straight right to Britt's jaw and a moment later planted two straight lefts to face and a right to body. Britt went in like a demon and sent White's guard down like so much chaff, landing on face and body. The bell rang at this stage, checking Britt's rally. White had the better of the earlier fighting, but Britt evened up toward the end.

Britt Was Floored.

In the tenth White floored Britt. Britt was off his balance, however, as the blow landed and the delivery was not very clean. Britt was up quickly and fought as though nothing had happened. He realized very soon that he was in a fight, for White clouted him viciously on the jaw with a right hook and Britt fought back hard. In a mix both exchanged rights to the face. Britt missed two vicious lefts for the jaw as the bell rang. The crowd yelled "White, White," as the went to their seats.

From that point the fighting continued even until the last, when Britt had his man going.

The Final Round.

In the last round they shook hands and White immediately sailed in and landed on the face. The pace was quickened but the blows were easily blocked. Both men fought to close quarters with White mostly on the defensive. Britt suddenly landed a vicious right on the body and in some in-fighting failed to connect with left and right for the jaw. Britt was careful, realizing that the decision was his. The referee had to separate the men from a clinch and then Britt again put a right to the body and brought his right and left with fearful force to White's jaw, sending White to the floor very groggy. When the Britisher arose, Britt went at him like a demon and sent him clear across the ring with right and left smashes to the face. The round was nearly over at this stage, but the police jumped into the ring and stopped the contest. Britt was declared the winner amidst great excitement.

Challenge to Winner.

A telegram was read at the ringside from "Twin" Sullivan, challenging the winner of the contest. Telegrams challenging the winner were also read from Joe Gans and "Abie" Atter. The announcement of Gans' challenge was the signal for a volley of jeers and hooting from the audience.

Nurse Wins Suit Against Hospital.

Concord, N. H., May 6.—A verdict of \$3000 for Miss Vera M. Hewitt, a nurse, who sued the Woman's Hospital of this city for damages, alleging that she was needlessly exposed to a contagious disease, was returned by a jury in the superior court yesterday. Miss Hewitt claimed that while in the service of the hospital the exposure occurred from which she contracted a disease.

Shell Covered Room.

A London gentleman has during his various holidays spent with his family at the seaside collected sufficient shells to cover the walls and ceiling of a small room in his house. The floor of this unique room is covered with dried seaweed, while much of the furniture is also decorated with various kinds of shells.

Policemen in Genoa.

In Genoa the policemen wear silk hats and carry silver headed walking sticks. Genoa seems to be the only place where a policeman can look as big as he feels.
